SNOW REMOVAL

We have lived through one of the most snow filled winters ever. Our snow removal team has worked hard to give you the quality of service you expect. Facing the onslaught of snow storms, their trucks plowed many kilometers in order to make the roads driveable. But, despite our greatest efforts, certain waste bins were damaged and garbage collection was made sometimes impossible. We thank you for your patience and especially, for your understanding, for all the inconveniences that the weather has wreaked on us.
