

Opening of a second clinic designated COVID-19 in the northern sector of the Laurentians

The Centre intégré de santé et services sociaux (CISSS) of the Laurentians will open a second clinic designated COVID-19 in the northern sector of the Laurentians as of March 24, 2020. The “drive-through” clinic will provide a variety of services directly from the car, such as patient assessment and screening with specimen. The clinic is accessible by car and by appointment only. Hours of operation will be from 10:00 a.m. to 4:00 p.m., 7 days a week. The clinic designated COVID-19 is intended as a complementary measure for non-severe cases. It aims to support hospitals, family medicine clinics and public health teams. It will prevent emergency room overcrowding and restrain sick people from coming to a clinic. Rigorous preventive measures are deployed within the clinic to protect staff, users and the public.

How to make an appointment at one of our designated clinics

If a user believes he has a COVID-19 infection, **he must first contact the general line at 1-877-644-4545.**

A nurse will assess the situation and make appropriate recommendations. If a medical consultation is required at a designated COVID-19 clinic, the nurse will refer the individual for an appointment.

To remember

The clinic operates by appointment only.

Individuals who think they may have symptoms of the COVID-19 must call 1-877-644-4545.
