MAYOR'S ADDRESS

September / October 2022 Edition

Hi everyone,

Recently, the Municipality has been made aware of neighborhood situations that have degenerated to the point where neighbors no longer speak to each other, and in some cases legal proceedings have been initiated due to the lack of open communication between them. I would like to take this opportunity to remind you that we have a free mediation service available to you to try to resolve this type of neighborhood conflict.

This mediation service is free and confidential. All you have to do is call 450-436-6749, Ext. 104 or toll free 1-800-265-6749. For more information, consult the Municipality's website, under the tab "Services", under the sub-tab "Citizen mediation".

A final point on citizen interventions. When you want to have the truth about a subject related to the Municipality, please contact us directly to have the information you hear validated by employees of the Municipality. There is so much false information circulating at the moment, beware.

The Maple Grove School file is progressing well. The highlights are as follows: the old school is almost intact. We will proceed with the demolition of the grafted rooms to return the school to its original footprint. The council continues to move forward on the basis of multiple analyses and presentations. In addition to the restoration of the building, we will be creating a covered outdoor community space. As soon as we have plans and specifications, we will notify you. We will proceed according to our ability to pay based on the financial assistance obtained through the Canadian Community Revitalization Fund (CCRF), and there is no question of borrowing for this project.

There is good news and not so good news regarding the MTQ's PIIRL program which allows us to get important subsidies for the repair and maintenance of our roads. The good news is that Riddell Road, Montée de l'Église and Cote Saint-Joseph have been added to Hammond Road for a grant that would cover the costs of about 75%, which is very favourable for our Municipality. The bad news is that we will have to wait until 2024 to start the work, because the money will not arrive before then.

Mrs. Nathalie Bouchard, the Municipality's environmental inspector, recently announced her departure. We wish Mrs. Bouchard success in her future projects and we thank her warmly for her 10 years of service to the Municipality. Mrs. Bouchard will be leaving by the end of 2022 and we hope to hire a replacement for the position of Environmental Inspector in the near future in order to ensure an efficient transition of files.

Finally, thank you to all the employees, municipal councillors, volunteers and firefighters for their presence and contributions to the Mille-Isles festival and the environment day on August 6. It was a very nice day, even with the intense heat!

Thank you!

Howard Sauvé, Mayor

LITTLE SCHOOL NO.2 – THE MAPLE GROVE

Do you know that in the past, there were three schools in Mille-Isles? There were Maple Grove, Cambria, and Hayel Land schools. Today, only the Maple Grove remains.

The Maple Grove story began with a donation from Mr. Frederick Rogers. Mr. Rogers was born in 1826 in County Mayo, Ireland. He died on March 4, 1899 in Mille-Isles, at the age of 73. He arrived in Canada at a young age around 1827 with his parents George Rogers (1796-1871) and Anne Moore Rogers (1798-1882) as well as his brother James Rogers – Jimmy (1823-1903). Subsequently, four brothers and a sister were born in Lakefield.

Ginette Mayer

In 1853 Frederick, aged about 26, married Hannah Scott (1833-1922) in Nicolet, Quebec. Subsequently, the newlyweds come to settle in Mille-Isles on lot 157 of the Sainte-Angélique North-East coast. According to the educational map of the Institut de recherche et de développement en agroenvironnement (IRDA) in January 2009, the Sainte-Angélique Nord-Est coast was north of the Mille-Isles road.

The Rogers couple had eight children, all born in Mille-Isles. The years progressed, in 1860, Frederick Rogers gave a parcel of his land to build the school piece by piece, the Maple Grove. During the same year followed the construction of the Presbyterian Church and in 1861 the Anglican Christ Church which was rebuilt in 1956. Its buildings are part of the set of buildings that marks the heart of the village hamlet.

In the early 1900s, the citizens of Mille-Isles covered the exterior walls of the school with vertically planed wooden planks. Unfortunately, in 1948, the small school closed its doors following the modernization of transport and the education system. For nearly 90 years, it has enabled several children from Mille-Isles to obtain their primary school diplomas. Now it is part of the daily landscape of our community.

The school was then acquired by the Reverend Cannon Horace Grenville Baugh (1916-2007) citizen of Morin-Heights, buried in Mille-Isles near his parents Cyrus Wesley Palmer Baugh and Ellen Rose Anna Judd Baugh.

Some time later, the reverend rented the school to Mr. Willis Black who made it a general market. On August 11, 1980, the building was purchased by Mr. Clinton Donald Vipond who decided to expand the building and turn it into a convenience store. On June 6, 2003, the Municipality of Mille-Isles became the owner. The building was subsequently leased to a Mille-Isles resident, Natalie Szabo, who continued to operate the building as a convenience store in addition to adding a restaurant and socializing area. In 2005, an exhibition on the history of the municipality was organized to mark the 150th anniversary of Mille-Isles. Then sold again to a promoter who hoped to turn it into a new vocation.

In the summer of 2008, the Maple Grove was part of the Built Heritage inventory of the MRC d'Argenteuil, which was presented in the spring of 2009. In 2014, the Municipality took over the school. Historians say that in Quebec, between the years 1850 and 1960, there were about 6,000 schools of row. From now on, there are only a few left, including the small "Maple Grove" school. Although she was a silent witness in our village hamlet for a long time she clings to the present marked by time, but very soon there will be a rebirth.

INTERESTING FACT

The Reverend was ordained a priest in 1944, served as a priest for 64 years as well as director of Blessing of the Pets for 67 years. In 1951, he planned the construction of the Saint-François-des-Oiseaux church in Saint-Sauveur, better known as the skiers' chapel, and set up a meeting room for their well-being. The Reverend was dedicated to the cause of skiing for many years and promoted the sport throughout his life. He was not only a church reverend, but also a former school trustee, city councilor and was inducted in 1987. Recipient of the Queen Elizabeth II Golden Jubilee Medal awarded in 2002 by the Governor General of Canada.

Programme
RÉNORÉGION

This provincial program is intended, among others, for residents of the nine local municipalities of the Argenteuil MRC. As of August 2022, the maximum standardized value of eligible buildings is set at \$150,000.

To validate your eligibility for the program, simply fill out the form available on the Société d'habitation du Québec website.

EMPTYING SEPTIC TANKS

The owner of a building located on the territory of the municipality must send, by any means, a copy of the invoice attesting that the emptying of their septic tank was carried out before October 1 of the year, each time such emptying is required.

We remind you that all septic tanks must be emptied according to the following frequency:

- once every two years for a septic tank serving a permanently occupied building;
- once every four years for a septic tank serving a seasonally occupied building.

In the meantime, it is possible to complete the declaration of the type of use or occupation of the building and send it to the municipality. The form is available on the Municipality's website or at the Town Hall reception.

If such proof of emptying is not received, the municipality will send a notice giving 15 days to remedy the situation. Failure to comply will result in penalties to the owner.

REMINDER ON STREET PARKING

The Municipality of Mille-Isles wishes to inform and remind users of its road regulations regarding street parking and other municipal parking on its territory. At any time, from **October 15 to April 15** of the following year, it is forbidden to park a vehicle on a street or public road of the Municipality. It is also forbidden to park or immobilize a vehicle on a street or a public road of the Municipality in such a way as to impede traffic to the point of representing a risk to public safety.

You can consult the regulations (French only) published on our website, Règlement 2016-02, or contact the Urban Planning and Environment counselor, Mr. David Roy at droy@mille-isles.ca or 450-438-2958, Ext. 2607.

COMMUNITY ORGANIZATIONS

The Municipality of Mille-Isles provides citizens a list of services offered by community organizations in the region. Whether for help or additional information on food resources, activities or moral support, we invite you to contact Darina Bélanger by phone at 450-438-2956, Ext. 2610, by email at dbelanger@mille-isles.ca or consult the Municipality's website in the "Recreation and Community" menu under "Community Organizations".
