

DISCOUNT FOR DRINKING WATER TESTING AND/OR LAKE & SWIMMING WATER

35% OFF

BETWEEN 28 JULY AND 4 AUGUST
(ONLINE ONLY)

PROCEDURES

1. Visit the <https://boutique.h2lab.ca/en/collections>
2. Click on the collection "**Drinking water analysis**" and/or "**lake and swimming**".
3. Select the analysis package of your choice and fill in the information.
4. Select the "Pick up in store" delivery method. Then select "Sainte-Agathe-des-Monts" in the Pick-up Centers section, so that there are no delivery charges.
5. To apply the discount, enter the code **MISLES2025** in the Discount code box, then complete your purchase. This code is valid **from July 28 to August 4 inclusively** and gives a **35% discount** on selected packages.
6. Identify your bottles with the 5-digit order code (starting with BXXXXX) available in the "Analysis request" e-mail. Also write the sampling date and customer name on the containers, before bringing in your samples.
7. Pick up containers during the Fête de Mille-Isles & Environment day or at the Town Hall reception desk (from July 28 until August 4 office hours).
8. Take your sample on August 4 and return it to the Town Hall between 9 a.m. and noon (1262 Mille-Isles road).

Samples must be kept cool and ideally collected less than 24 hours before the analysis (maximum time for pH testing).

Note: If you are requesting a "lake and swimming" analysis, you must also inform the Municipality by July 18 so we can ensure we have the specific bottles required for your needs.
